SCHOOL ON THE FUNDAMENTAL SCIENCE FOR ALTERNATIVE ENERGY

6/24/14-6/28/14

School on the Fundamental Science for Alternative Energy

WHAT: The 2014 TSRC Summer School on Fundamental Science for Alternative Energy will introduce principles, methods, and approaches relevant to the design of molecular transformations, energy transduction, and current applications for alternative energy. For more information, please go to: telluridescience.org

WHO: Faculty include Brudwig, Batista, Crabtree, Moore & Moore, Ratner, Rossky, and Schmuttenmaer

WHEN: 6/24/14 - 6/28/14

WHERE: Telluride, Colorado, USA

REGISTER: Register: <https://www.telluridescience.org/tstc>
or email info@telluridescience.org for more information
